Group Visitors to Kidspace

Kidspace welcomes many field trip visitors every day. Our Peak Capacity for group visitors is 600 guests. Their visit typically begins at 9:30 AM and most groups depart between 12:00 PM and 1:00 PM. While they are here, some may be participating in a guided program just in front of the museum or inside at an exhibit or in the Celebration Center. They have very little time to spend with us, so most try to make the best of their visit by enjoying every corner of our museum.

The following information is provided as a reference only, and due to the nature of field trips it may change at any moment.
